

Oh Your Love Pervades

VERSE 1

Oh your love pervades all our understanding
Even in our undeserving state
Oh what grace is this that finds us in our wandering
Surrounds us and precedes our faintest cry

REFRAIN

Love! What love! Your grace is unrelenting
Love! What love! It brings us to repenting
Love, oh love you pervade

VERSE 2

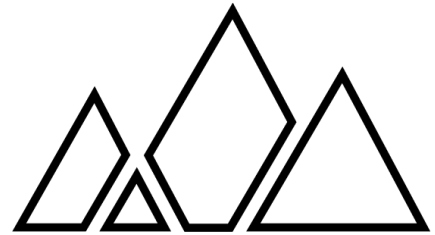

Oh your Love Divine took on flesh and binding
Himself to us, a mortal doomed to die
But Christ did overcome our fears that pierced and bound him
The cross, the grave could not contain his power

REFRAIN

VERSE 3

Oh the day shall come when our breath fleeting
Will cease, the light in our eyes will fade
But in glory we will rise in the light everlasting
And all our pain and sorrow will fade
