

Perfect Love (How Can It Be?)

VERSE 1

There is a love that overcomes
A love that has no end
It permeates the darkest depths to the waters edge
From every interval of joy to the tragedy of death

VERSE 2

There is a hope within our bones when you cannot feel it
No wandering can separate and doubt cannot conceal it
There is no heart so heavy laden; there is no wound it cannot heal

CHORUS

This perfect love! How can it be?
Laid across the curse of Calvary
And by His blood I am set free
The breadth of grace stretched out for me
How can it be?

VERSE 3

When my faith has come undone with a heart run dry
When all the treasures of this world fail to satisfy
There is a fount of living water found in Jesus Christ

CHORUS

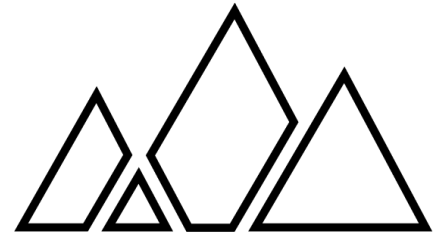

VERSE 4

In that dark and dismal hour in blameless sacrifice
A perfect Son would take our place and we were reconciled
Death defeated by a Savior's power, my Jesus Christ
Hallelujah! Praise the risen Savior Jesus Christ
Hallelujah! Praise the risen Savior Jesus Christ

CHORUS (x 2)
