CHORUS

Lord send Your Spirit on tongues of fire
Ignite the wind with Your Holy Revival
Glory rises from ash and cinder
We fall to our knees and we wholly surrender

VERSE 1

Oh we hear it on the wind
An ancient wind, from a Holy Light
Oh You hear us, You hear our cries
You hear our pain and the wind come alive

CHORUS

Lord send Your Spirit on tongues of fire
Ignite the wind with Your Holy Revival
Glory rises from ash and cinder
We fall to our knees and we wholly surrender

VERSE 2

On our knees we all confess
That You are God and we are not
And from Heaven Your glory rains
And we come alive, oh this place comes alive

CHORUS

Lord send Your Spirit on tongues of fire
Ignite the wind with Your Holy Revival
Glory rises from ash and cinder
We fall to our knees and we wholly surrender

BRIDGE (x 2)

Sing glory, glory
A new day has come
Sing glory, glory
A Holy light has risen
Sing glory, glory
Our hope is present
We sing glory, glory

CHORUS (x 2)

Lord send Your Spirit on tongues of fire
Ignite the wind with Your Holy Revival
Glory rises from ash and cinder
We fall to our knees and we wholly surrender
