VERSE

There's a sweet, sweet melody
And it's all I ever need
Its calling out my name, lead me on
I'm in sweet, sweet company
And it's all I ever need
It takes me by the hand, lead me on

CHORUS

There's power in your melody
It lives within me and I'm singing on
There's power in your melody
It lifts my wings and carries me on

VERSE

CHORUS

BRIDGE

He walks with me, oh how he talks with me
Leads me on to those running waters
He walks with me, oh how he comforts me
Leads me on to those easy waters
He walks with me, oh how he loves me
Leads me on to those running waters
He walks with me, oh how he sings with me
Leads me on to those sweet, sweet waters

CHORUS (x2)

OUTRO

There's a sweet, sweet melody
And it's all I ever need
